

Turf Club Meeting October 13th 5:00 PM

- Sam talked about the long drive competition and we decided to cancel the initial date of this Friday (Oct. 17th). We were unable to obtain any sponsors and prizes are vital to starting the competition. Food at the competition would be nice as well.

- When the next date is set by Sam, please do your job and call or email these potential sponsors, so we can get the competition rolling. It should be more set in stone this time what everyone's role will be

- The new shirts were shown at the meeting and they are a white dri-fit material with red located under the sleeves. We decided as a club on the black oval G with "Turfgrass" under the logo in Red. These shirts are very nice and will go on sale immediately after the order is complete. The new shirts will be \$30.

- The club agreed that we should make the Turfgrass stickers again. Same as last year, one with a red G and one with a black G. They will be \$5 again as well.

- Another reminder about the Stone Mountain conference: it is the 26th of October from 11am to 3pm. We are encouraged to get there earlier and set up.

- Finally, the last bit of business about registering the club: Someone who doesn't have class on Thursday, November 5th at 11am-12pm please attend a meeting that will allow us to finally register the club. It will be located at Tate in Room 141. That same person who attends must also register online for us. I would do this but I have class. This is essential because we will obtain money for the club by registering.

Respectfully submitted,

Secretary

Adam Leakey
